

uEZGUI-1788-43WQR-BA Product Change Notification Form

PCN Number: 20250718-01	Rev: All	Date: 07/18/2025
-------------------------	----------	------------------

Summary of Change: The uEZGUI-1788-43WQR-BA is being migrated to newer uEZ GUI Family options due to the discontinuation of the LCD.

Reason for Change: After 15 years of successful production, the Sharp LCD used in this product has been discontinued, so the uEZGUI-1788-43WQR-BA will be going away and existing customers can be migrated to newer uEZ GUI Family options.

FDI is offering existing customers a Last Time Buy (LTB) opportunity for all existing Stock of product, but this is available on a “first come, first served basis”. Please contact your FDI Sales Representative regarding placement of a LTB order or email us at sales@teamfdi.com.

Once our existing stock of uEZGUI-1788-43WQR-BA units is exhausted, this product will be End of Life (EOL) and FDI will work with existing customers to migrate their designs to newer units like the uEZGUI-4088-43WQN-BA with PCAP Touch Screen or the uEZGUI-4088-43WQH-BA with Resistive Touch Screen. The 43WQN PCAP Touch version is a high-volume product with full factory and distribution stock, so it is recommended for most customer upgrades. The 43WQH Resistive Touch version is a lower volume product, that is typically “build to order” with an MOQ, so it is mainly recommended for customers who must have Resistive Touch Screen capability due to application or system level limitations.

Please contact your FDI Technical Representative regarding any migration support questions or email us at support@teamfdi.com.

Products Affected:

Effected Product	Recommended Replacement Product
uEZGUI-1788-43WQR	uEZGUI-4088-43WQN with PCAP Touch Screen
uEZGUI-1788-43WQR-BA	uEZGUI-4088-43WQN-BA with PCAP Touch Screen
uEZGUI-1788-43WQR-BA	uEZGUI-4088-43WQH-BA with Resistive Touch Screen

Availability of new revision stock at distributors:

Distributors will continue to sell through their existing available stock before helping customers migrate to the newer uEZ GUI products.

Forecasted Key Dates and Milestones:

07/18/24 PCN Date. The date this document was released for distribution to customers and distributors.

07/18/24 Production Date for Recommended Replacement Product. The uEZGUI-4088-43WQN-BA and the uEZGUI-4088-43WQH-BA have both been in production for some time and have Guaranteed Availability for a minimum of 10 years, so there are no issues with the migration path.

Last Time Buy orders can be placed immediately, but FDI has no way of knowing how long our existing inventory will last, so availability of additional uEZGUI-1788-43WQR-BA units cannot be guaranteed.
